

EMPLOYMENT OPPORTUNITY

Director of Care Coordination (Full-Time)

The Angel Harvey Family Health Center of the Infant Welfare Society of Chicago (Angel Family Health), a comprehensive, community-based health center in Chicago's Logan Square neighborhood, is seeking a Full-Time Director of Care Coordination to work as a critical part of its Medical team.

Position Responsibilities

- Establishes, implements and maintains service standards to meet customers' expectations. Designs and implements processes to improve systems and the department's outcomes.
- Responsible for selection, training, development, and evaluation of department staff. Develops processes to maintain competency of staff.
- Provide supervision to nurses, medical assistants, and care coordinators.
- Participates in the establishment and maintenance of effective working relationships with community service organizations and public agencies to insure the Care Coordinators offer appropriate resources to patients and families.
- Assess patient/family needs and develop and execute individual goals.

Knowledge, Skills, and Abilities

The successful candidate must have a BSN and be an IL registered nurse. Five years experience in comparable role incorporating patient management across the continuum of care. Possess a general understanding of multidisciplinary approach to Care Coordination and performance improvement. Bilingual (English/Spanish) is preferred.

If you or someone you know is interested, please submit resume to LaDora Robinson - Locke by Friday, May 12, 2017.
