

## EMPLOYMENT OPPORTUNITY

### Pediatric Nurse Practitioner

The Angel Harvey Family Health Center of the Infant Welfare Society of Chicago, a comprehensive, community-based health center in Chicago's Logan Square neighborhood, is seeking a Nurse Practitioner to join its Pediatric Primary Care Team.

#### Position Responsibilities

- Manage primary, acute, and chronic health problems through comprehensive history and physical examination, assessment, and diagnosis
- Order, perform, and interpret diagnostic and therapeutic tests and procedures
- Prescribe pharmacologic and non-pharmacologic interventions
- Collaborate and coordinate with the primary care team to deliver evidence-based care and to establish best practices in clinical care
- Perform job functions adhering to service principles with customer service focus and teamwork to provide the highest quality care and service to our patients, families, co-workers, and others

#### Knowledge, Skills, and Abilities

- Master's degree or higher from an accredited school of nursing appropriate for certification as a family or pediatric nurse practitioner
- Active licensure in the State of Illinois as an APN required
- Basic Life Support certification required
- Previous experience in pediatrics required
- Proficiency in Spanish is preferred

#### Compensation and Benefits

Competitive salary and benefits plan, including Paid Time Off (PTO), paid holidays, CME days, health, dental, life and vision insurance options, as well as a pension plan and 403(b) option.

#### Organizational Overview

The Infant Welfare Society of Chicago has been serving women and children in Chicago for over 100 years. The organization co-locates primary medical care, child development, dentistry, optometry, and mental health services in one easily accessible and central location. This model helps ensure access to comprehensive services for medically underserved families in Chicago.
